The diagram shows a rectangular window representing a mobile app screen. At the top, there is a header bar. On the left side of the header bar is a circular logo containing the word 'Logo'. On the right side of the header bar is a small square button with an 'X' inside, representing a close button. Below the header bar is the main content area. In the center of this area is a smaller rectangular box. Inside this box are two input fields. The top input field is labeled 'Description here' and has a light blue background. The bottom input field is labeled 'Price' and also has a light blue background. To the right of the 'Price' field, there is a large right-pointing arrow (>), indicating a 'Next' or 'Continue' action.

Wizard displayed as popup.

1st Screen: description, price.

2nd Screen: Add picture using
Camera.

3rd Screen: (Optional) Add Tag
and Submit.
